

§ 102.7

(3) The contractor must be required to account strictly for all amounts collected; and

(4) The contractor must agree to provide any data contained in its files relating to § 105.2(a) (1), (2), and (3) of this chapter upon returning an account to the creditor agency for subsequent referral to the Department of Justice for litigation.

(b) Funding of collection service contracts:

(1) An agency may fund a collection service contract on a fixed-fee basis, that is, payment of a fixed fee determined without regard to the amount actually collected under the contract. Payment of the fee under this type of contract must be charged to available agency appropriations.

(2) An agency may also fund a collection service contract on a contingent-fee basis, that is, by including a provision in the contract permitting the contractor to deduct its fee from amounts collected under the contract. The fee should be based on a percentage of the amount collected, consistent with prevailing commercial practice.

(3) An agency may enter into a contract under paragraph (b)(1) of this section only if and to the extent provided in advance in its appropriation act or other legislation, except that this requirement does not apply to the use of a revolving fund authorized by statute.

(4) Except as authorized under paragraph (b)(2) of this section, or unless otherwise specifically provided by law, agencies must deposit all amounts recovered under collection service contracts (or by agency employees on behalf of the agency) in the Treasury as miscellaneous receipts pursuant to 31 U.S.C. 3302.

§ 102.9 Suspension or revocation of license or eligibility.

Agencies seeking the collection of statutory penalties, forfeitures, or debts provided for as an enforcement aid or for compelling compliance should give serious consideration to the suspension or revocation of licenses or other privileges for any inexcusable, prolonged or repeated failure of a debtor to pay such a claim, and the debtor should be so advised. Any agency making, guaranteeing, insuring, acquiring, or participating in loans should give serious consideration to suspending or disqualifying any lender, contractor, broker, borrower or other debtor from doing further business with it or engaging in programs sponsored by it if such a debtor fails to pay its debts to the Government within a reasonable time, and the debtor should be so advised. The failure of any surety to honor its obligations in accordance with 31 U.S.C. 9305 is to be reported to the Treasury Department at once. Notification that a surety's certificate of authority to do business with the Federal Government has been revoked or forfeited by the Treasury Department will be forwarded by that Department to all interested agencies.

§ 102.10 Liquidation of collateral.

An agency holding security or collateral which may be liquidated and the proceeds applied on debts due it through the exercise of a power of sale in the security instrument or a non-judicial foreclosure should do so by such procedures if the debtor fails to pay the debt within a reasonable time after demand, unless the cost of disposing of the collateral will be disproportionate to its value or special circumstances require judicial foreclosure.
